

BOUNCE EPDM RUBBER MULCH

Bounce EPDM Mulch has the highest fall protection compared to all other rubber flooring systems. It is elastic, safe, and 100% dyed through. EPDM Mulch is water-permeable. Unlike colour-coated black SBR Mulch, EPDM is produced from high quality virgin materials. Approximately 6.5kg of granules are required per square meter to achieve 1 cm thickness.

DENSITY	1060 g/cm ³
POLYMER CONTENT	approx. >22%
HARDNESS SHORE A	65° A (±5)
TENSILE STRENGTH	>1.47 Mpa
ELONGATION AT BREAK	>1014%
FLAMMABILITY	Flame-retardant material compliant with TS - EN 13501-1 + A1:2013
PARTICLE SIZE	0.5 - 1.5 mm 0.5 - 2.5 mm 1.0 - 3.5 mm 1.0 - 4.0 mm
