PLAYFLEX ACCESSORY RANGE

ALORO
SURFACE SOLUTIONS

ABOUT bounce

Bounce is Aloro Group's exclusive range of wetpour rubber surfacing products and accessories.

Aloro Group supplies Bounce TPV, EPDM and SBR granules for softfall surfacing as well as rubber mulch, shock pads, accessories for playgrounds and other specialty products for the installation of synthetic surfaces.

Aloro Group are also suppliers of a large variety of high quality synthetic grass for landscape and sporting applications.

Aloro Group is an Australian family owned company that has over 20 years' experience in the

distribution of synthetic grass and rubber softfall surface materials. Our knowledge is supported by an experienced supply base with over 50 years' experience in the industry.

Based in Sydney NSW, Aloro Group is an ethically-driven company focused on constantly developing our products to create a better customer experience. We strive to deliver an excellent supplier-customer relationship with our clients that offers solutions for an easy buying experience.

Our commitment to you is to be your supplier of choice.

AUSTRALIA'S LEADING SUPPLIER OF SYNTHETIC GRASS AND RUBBER

■ WE MAKE IT EASY FOR YOU

We strive to make the whole ordering process easy and stress-free.

■ COMMITTED TO PROVIDING IMPECCABLE CUSTOMER SERVICE

We seek to provide the best possible outcome for every client. You can be assured you will be treated with care and respect from our dedicated and passionate team.

■ SAME DAY DISPATCH

We dispatch every off-the-shelf item on the same day if the order is placed before 10am.

■ COMPETITIVE PRICING

We guarantee extremely competitive pricing without any compromise on product quality.

■ LARGE STOCKS

As one of the largest stockists of synthetic surface materials, we can meet large order requirements promptly.

■ AFTER SALES SUPPORT

We strive to ensure our clients are completely satisfied. We take feedback very seriously and work hard to ensure we are your long term supplier of choice.

NEW WIN

FLEXY FOAM

Meet **Flexy Foam**, our latest innovation designed to bring **flexibility, comfort, and creativity** into public play areas. Made from a special **polymer foam-based formula**, these figures offer a unique balance of softness and durability.

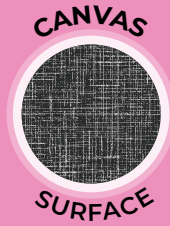

Depending on the polymer coating thickness and the surface texture, Flexy Foam elements can be crafted with either a **smooth** or a **lightly textured finish** — **playful to the eye and safe to the touch**.

Unlike traditional polyester structures, **Flexy Foam** is significantly more **elastic and softer** to the touch, offering a far more comfortable and resilient experience for active children.

Whether it's a bold animal figure, a quirky seating module, or a modular playground element, each piece is designed to spark imagination, movement, and joy.

Perfect for kindergartens, hotels, public spaces, or anywhere that could use a little extra WOW!

PLAYFLEX
**MODU
PLAY**

**Meet ModuPlay — A Modular
Hideaway**

Inspired by the geometry of octagons, ModuPlay is a reimagined cave structure designed for play, movement, and imagination.

Endless Possibilities, One Core Module

Use it as a single hideout, split it into halves, or stack and align multiple units to build tunnels, towers, and more. Each configuration brings a new adventure.

Connect & Expand

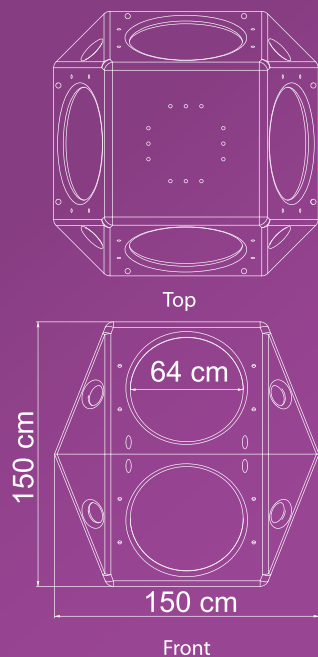

Add slides, ropes, or climbing steps. ModuPlay easily integrates with other playground elements to become a central piece in a modular play system.

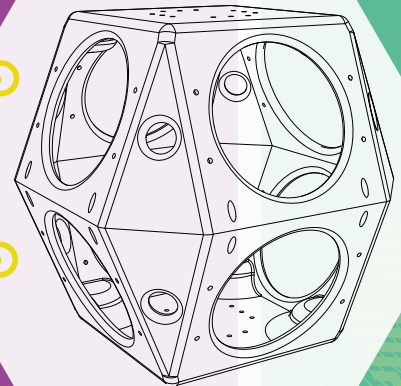

Soft Yet Sturdy — Made with FlexyFoam

Crafted from our signature FlexyFoam material, ModuPlay offers a safe, slightly elastic surface — softer than traditional playground structures but tough enough for daily use.
